CERTIFICATE COURSE

ON

ETHICS IN THE TEACHING PROFESSION

Shaping Responsible and Ethical Educators for the Future

✦ Why This Course?

In the fast-evolving educational landscape, all stakeholders face intricate ethical and professional challenges. This course provides educators with the knowledge and resources to address these challenges while fostering integrity, empathy, and social responsibility through a scientific approach.

🎯 Course Objectives

- Examine the various challenges confronting the evolving educational landscape, shaped by the influences of corporatization and technology.
- Explore the opportunities provided by modern pedagogical approaches.
- Examine the changing dynamics of teacher-student relationship.
- Investigate the ethical and legal challenges posed by the wide application of technology in education.
- Foster global citizenship and cultural sensitivity.
- Build an ethical framework balancing efficiency and integrity.

📖 Course Modules

1. Ethical and Linguistic Challenges in the Teaching Profession
2. Technology, Law, and Intellectual Property (IPR)
3. Diversity, Equity and Global Citizenship
4. Environmental Sensitivity and Sustainability
5. Building a Professional Moral Framework
